DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 2, 4, 6, 8, 14, 16, 18, & 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Re claims 2, 6, 14, & 18 (and dependent claims 4, 8, 16, & 20), the phrase "wherein a distance between respective threshold value setting start pixels in adjacent halftone cells is made as equal as possible" (claim 2, lines 9-10; claim 6, lines 9-10; claim 14, lines 10-11; claim 18, lines 10-11) is unclear, inasmuch as there is no clear standard for ascertaining the degree of equality required to determine that a given set of threshold value setting start pixels falls within the scope of the claim.

Claim Rejections - 35 USC § 102

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Art Unit: 2624

4. Claims 1, 5, 13, 17, 25, & 26 are rejected under 35 U.S.C. 102(a) as being anticipated by Applicant's admitted Prior Art.

Re claims 1, 5, 13, 17, 25, & 26, Applicant's admitted Prior Art (Figure 8C) discloses a halftone screen in which the halftone dot cells are formed by cutting off one facing corner of each of two mutually facing square halftone threshold matrices (and leaving the remaining elements of the matrices intact) to form non-regular hexagonal threshold matrices and combining sets of the resulting hexagonal matrices into a halftone cell. Note the correspondence of Figure 8C (Applicant's admitted Prior Art) and Figure 1 (the invention as described in claims 1, 5, 13, 17, 25, & 26).

Allowable Subject Matter

5. Claims 3, 7, 9-12, 15, 19, 21-24, & 27-34 are allowed.

6. Claims 2, 4, 6, 8, 14, 16, 18, & 20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

7. The following is a statement of reasons for the indication of allowable subject matter:

Re claims 2, 6, 14, & 18 (and dependent claims 4, 8, 16, & 20), insofar as they are understood, the art of record does not

Art Unit: 2624

teach or suggest the recited threshold value arrangements (wherein a distance between respective threshold value setting start pixels in adjacent halftone cells is made as equal as possible) in conjunction with a halftone matrix formed by cutting off facing corners of square halftone threshold matrices to form non-regular hexagonal threshold matrices and combining sets of the resulting hexagonal matrices into a halftone cell.

Re claims 3, 7, 15, & 19, the art of record does not teach or suggest the recited threshold value arrangements (set threshold values for each of the hexagonal cells constructing a single halftone cell are not the same) in conjunction with a halftone matrix formed by cutting off facing corners of square halftone threshold matrices to form non-regular hexagonal threshold matrices and combining sets of the resulting hexagonal matrices into a halftone cell.

Re claims 9, 21, 27, 29, 31, & 33 (and dependent claims 10-12, 22-24, 28, 30, 32, & 34), the art of record does not teach or suggest the recited division of hexagonal cells that are combined into a halftone matrix formed by cutting off two facing corners of square halftone threshold matrices to form non-regular hexagonal threshold matrices and combining sets of the resulting hexagonal matrices into a halftone cell.

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
